Re: Texas Eastern Transmission, LP, Docket No. RP15-\_\_\_\_-000

Dear Ms. Bose:

Pursuant to Section 4 of the Natural Gas Act<sup>1</sup> and Part 154 of the regulations of the Federal Energy Regulatory Commission (“Commission”) promulgated thereunder,<sup>2</sup> Texas Eastern Transmission, LP (“Texas Eastern”) hereby submits for filing as part of its FERC Gas Tariff, Eighth Revised Volume No. 1 (“Tariff”), its FERC Gas Tariff, Filed Agreements (“Filed Agreements Tariff”) and its FERC Gas Tariff, Statements of Negotiated Rates (“Statements of Negotiated Rates”), the tariff records listed in Appendix A to be effective on April 13, 2015, and an applicable service agreement, which contains a non-conforming provision.

## **STATEMENT OF NATURE, REASONS AND BASIS**

Texas Eastern has entered into a service agreement with Infinite Energy Inc (“Infinite Energy”) for firm transportation service under Rate Schedule FT-1 for the period from April 13, 2015, through and including March 31, 2016 (“Service Agreement”). As more fully described below, Texas Eastern is submitting the Service Agreement as a non-conforming agreement and a related negotiated rate agreement for Commission review.

### **Negotiated Rate Agreement**

Pursuant to Section 29 of the General Terms and Conditions (“GT&C”) of the Tariff, Texas Eastern is submitting the negotiated rate transaction applicable to the Service Agreement as proposed Section 40, of the Statements of Negotiated Rates. The proposed tariff record identifies and describes the negotiated rate transaction with Infinite Energy, including the exact legal name of the shipper, the negotiated rates, the rate schedule, the contract terms, and the contract quantities. The proposed tariff record includes footnotes where necessary to provide further details of the negotiated rate transaction reflected therein.

Texas Eastern has entered into a negotiated rate agreement with Infinite Energy, consisting of a one-page letter agreement and a *pro forma* Statement of Negotiated Rates (see Appendix B). The one-page letter agreement has the sole purpose of indicating the parties’ agreement to the negotiated rate provisions on the *pro forma* Statement of Negotiated Rates attached to the letter agreement. The substantive provisions of the tariff record are identical to the *pro forma* Statement of Negotiated Rates attached to the letter agreement.

<sup>1</sup> 15 U.S.C. § 717c (2006).

<sup>2</sup> 18 C.F.R. Part 154 (2014).

**Non-Conforming Provision**

Sections 154.1(d) and 154.112(b) of the Commission's regulations require pipelines to file any agreement that deviates "in any material aspect from the form of service agreement" in the pipeline's tariff.<sup>3</sup> As reaffirmed by the Commission's July 25, 2003 order modifying its negotiated rate policy, the Commission defines "a material deviation as any provision of a service agreement that goes beyond the filling-in of the spaces in the form of service agreement with the appropriate information provided for in the tariff and that affects the substantive rights of the parties."<sup>4</sup> The Commission's policy is that such material deviations may be acceptable if "such deviations do not change the conditions under which service is provided and do not present a risk of undue discrimination."<sup>5</sup> Consistent with the Commission's regulations regarding non-conforming agreements, Texas Eastern is submitting the Service Agreement for Commission review.

The Service Agreement conforms in all respects to the form of service agreement for Rate Schedule FT-1, with the exception of a footnote in Exhibit A of the Service Agreement. The footnote provides that receipts at the referenced point shall be by displacement, and if displacement is not available, by physical flow, if possible, subject to the agreement of a third-party pipeline company to the delivery of such volumes. Further, arrangements for delivery by that third-party pipeline shall be the sole responsibility of the customer. This limitation reflects the mutual understanding of the parties and was reached through an agreement with this customer based on the particular circumstances and configuration of the specific point for this customer. Texas Eastern submits that this provision does not present a risk of undue discrimination because it merely specifies the type of receipt obligation (displacement) Texas Eastern has at the point and reflects unique operational constraints with this customer. The Commission approved identical provisions in service agreements between Texas Eastern and Shell Energy North America (US), L.P. effective September 1, 2010,<sup>6</sup> and October 1, 2010,<sup>7</sup> between Texas Eastern and EQT Energy, LLC effective June 1, 2012,<sup>8</sup> and between Texas Eastern and BP Energy Company effective March 1, 2015.<sup>9</sup> Accordingly, Texas Eastern requests that the Commission accept this provision in the subject Service Agreement as a permissible deviation that does not present a risk of undue discrimination.

Pursuant to Section 154.1(d) of the Commission's regulations, Texas Eastern submits herewith for filing, as part of its Tariff, a revised version of GT&C Section 3.18 that designates the Service Agreement as a non-conforming agreement. Texas Eastern is also submitting Section 28 of its Filed Agreements Tariff containing the executed Service Agreement with the non-conforming provision. A marked version of the tariff records filed herewith is attached, including a marked version of the executed Service Agreement against the current form of service agreement under Rate Schedule FT-1.

### **IMPLEMENTATION**

Pursuant to Section 154.7(a)(9) of the Commission's regulations, 18 C.F.R. § 154.7(a)(9), Texas Eastern files this motion to place the revised tariff records filed herein into effect at the expiration of any suspension period set by the Commission, provided that the tariff changes are approved as filed and without condition. In the event the tariff records filed herewith are not approved as filed and without condition, Texas Eastern reserves the right to file a motion at a later date to place such tariff records into effect.

In compliance with Section 154.201(a) of the Commission's regulations, 18 C.F.R. § 154.201(a), a marked version of the proposed tariff records showing additions to and deletions from the currently effective tariff records, with the exception of the tariff record for Part 6, Section 3.18, which is marked against the tariff record pending Commission approval in Docket RP15-807-000, is attached.

Copies of this filing are being posted in accordance with Section 154.207 of the Commission's regulations, 18 C.F.R. § 154.207. In accordance with Section 154.208 of the Commission's regulations, 18 C.F.R. § 154.208, copies of this filing are being served electronically on Texas Eastern's customers and interested state commissions. A paper copy of this filing may only be served if a customer or state commission has been granted a waiver of electronic service pursuant to Part 390 of the Commission's regulations, 18 C.F.R. § 390.

SERVICE AGREEMENT  
FOR RATE SCHEDULE FT-1

Date: 4/10/15

Contract No. 911250-R1

SERVICE AGREEMENT

This AGREEMENT is entered into by and between Texas Eastern Transmission, LP, ("Pipeline") and INFINITE ENERGY INC ("Customer").

WHEREAS, Pipeline and Customer have agreed to FT-1 Service as more particularly described herein;

NOW THEREFORE, in consideration of the premises and of the mutual covenants herein contained, the parties do agree as follows:

1. Pipeline shall deliver and Customer shall take and pay for service pursuant to the terms of this Agreement and subject to Pipeline's Rate Schedule FT-1 and the General Terms and Conditions of Pipeline's Tariff, which are incorporated herein by reference and made a part hereof.
2. The Maximum Daily Quantity (MDQ) for service under this Agreement and any right to increase or decrease the MDQ during the term of this Agreement are listed on Exhibit D attached hereto. The Point(s) of Receipt and Point(s) of Delivery, respectively, are listed on Exhibits A and B attached hereto. Customer's Zone Boundary Entry Quantity and Zone Boundary Exit Quantity for each of Pipeline's Zones are specified on Exhibit C attached hereto. Exhibit(s) A, B, C, and D are incorporated herein by reference and made a part hereof.

Pipeline shall not be obligated to, but may at its discretion, receive at any Point of Receipt on any Day a Quantity of Gas in excess of the applicable Maximum Daily Receipt Obligation (MDRO), plus Applicable Shrinkage, but shall not receive in the aggregate at all Points of Receipt on any Day a Quantity of Gas in excess of the applicable MDQ, plus Applicable Shrinkage. Pipeline shall not be obligated to, but may at its discretion, deliver at any Point of Delivery on any Day a Quantity of Gas in excess of the applicable Maximum Daily Delivery Obligation (MDDO), but shall not deliver in the aggregate at all Points of Delivery on any Day a Quantity of Gas in excess of the applicable MDQ.

3. This Agreement shall be effective on April 13, 2015 and shall continue for a term ending on and including March 31, 2016 ("Primary Term"). This Agreement may be terminated at any time by Pipeline in the event Customer fails to pay part or all of the amount of any bill for service hereunder and such failure continues for thirty (30) days after payment is due; provided, Pipeline gives thirty (30) days prior written notice to Customer of such termination and provided further such termination shall not be effective if, prior to the date of termination, Customer either pays such outstanding bill or furnishes a good and sufficient surety bond or other form of security reasonably acceptable to Pipeline guaranteeing payment to Pipeline of such outstanding bill. Any portions of this Agreement necessary to correct or cash-out imbalances under this Agreement as required by the General Terms and Conditions of Pipeline's Tariff shall survive the other parts of this Agreement until such time as such balancing has been accomplished.

If this Agreement qualifies as a "ROFR Agreement" as defined in the General Terms and Conditions of Pipeline's Tariff, the provision of a termination notice by either Customer or Pipeline, pursuant to the preceding paragraph, a notice of partial reduction in MDQ pursuant to Exhibit D or the expiration of this Agreement of its own terms triggers Customer's right of first refusal under Section 3.13 of the General Terms and Conditions of Pipeline's Gas Tariff.

4. Maximum rates, charges, and fees shall be applicable to service pursuant to this Agreement except during the specified term of a discounted rate or a Negotiated Rate to which Customer and Pipeline have agreed. Provisions governing such discounted rate shall be as specified in the Discount Confirmation to this Agreement. Provisions governing such Negotiated Rate and term shall be as specified on an appropriate Statement of Negotiated Rates filed, with the consent of Customer, as part of Pipeline's Tariff. It is further agreed that Pipeline may seek authorization from the Commission and/or other appropriate body at any time and from time to time to change any rates, charges or other provisions in the applicable Rate Schedule and General Terms and Conditions of Pipeline's Tariff, and Pipeline shall have the right to place such changes in effect in accordance with the Natural Gas Act. Notwithstanding the foregoing, Customer does not agree that Pipeline shall have the unilateral right without the consent of Customer subsequent to the execution of this Agreement and Pipeline shall not have the right during the effectiveness of this Agreement to make any filings pursuant to Section 4 of the Natural Gas Act to change the MDQ, the term of the agreement, the Point(s) of Receipt, the Point(s) of Delivery, or the firm character of the service hereunder. Nothing contained herein shall be construed to deny Customer any rights it may have under the Natural Gas Act, including the right to participate fully in rate or other proceedings by intervention or otherwise to contest such changes in whole or in part.

5. All Natural Gas tendered to Pipeline for Customer's account shall conform to the quality specifications set forth in Section 5 of Pipeline's General Terms and Conditions. Customer agrees that in the event Customer tenders for service hereunder and Pipeline agrees to accept Natural Gas which does not comply with Pipeline's quality specifications, as expressly provided for in Section 5 of Pipeline's General Terms and Conditions, Customer shall pay all costs associated with processing of such Gas as necessary to comply with such quality specifications. Customer shall execute or cause its supplier to execute, if such supplier has retained processing rights to the Gas delivered to Customer, the appropriate agreements prior to the commencement of service for the transportation and processing of any liquefiable hydrocarbons and any PVR quantities associated with the processing of Gas received by Pipeline at the Point(s) of Receipt under such Customer's service agreement. In addition, subject to the execution of appropriate agreements, Pipeline is willing to transport liquids associated with the Gas produced and tendered for transportation hereunder.
6. Unless otherwise required in the Tariff, all notices shall be in writing and shall be considered duly delivered when mailed to the applicable address below or transmitted via facsimile. Customer or Pipeline may change the addresses or other information below by written notice to the other without the necessity of amending this Agreement:

SERVICE AGREEMENT  
FOR RATE SCHEDULE FT-1

Date: \_\_\_\_\_,

Contract No. 911250-R1

1

SERVICE AGREEMENT

This AGREEMENT is entered into by and between Texas Eastern Transmission, LP, ("Pipeline") and INFINITE ENERGY INC ("Customer").

2  
WHEREAS, Pipeline and Customer have agreed to FT-1 Service as more particularly described herein;

3  
NOW THEREFORE, in consideration of the premises and of the mutual covenants herein contained, the parties do agree as follows:

1. Pipeline shall deliver and Customer shall take and pay for service pursuant to the terms of this Agreement and subject to Pipeline's Rate Schedule FT-1 and the General Terms and Conditions of Pipeline's Tariff, which are incorporated herein by reference and made a part hereof.
2. The Maximum Daily Quantity (MDQ) for service under this Agreement and any right to increase or decrease the MDQ during the term of this Agreement are listed on Exhibit D attached hereto. The Point(s) of Receipt and Point(s) of Delivery, respectively, are listed on Exhibits A and B attached hereto. Customer's Zone Boundary Entry Quantity and Zone Boundary Exit Quantity for each of Pipeline's Zones are specified on Exhibit C attached hereto. Exhibit(s) A, B, C, and D are incorporated herein by reference and made a part hereof.

Pipeline shall not be obligated to, but may at its discretion, receive at any Point of Receipt on any Day a Quantity of Gas in excess of the applicable Maximum Daily Receipt Obligation (MDRO), plus Applicable Shrinkage, but shall not receive in the aggregate at all Points of Receipt on any Day a Quantity of Gas in excess of the applicable MDQ, plus Applicable Shrinkage. Pipeline shall not be obligated to, but may at its discretion, deliver at any Point of Delivery on any Day a Quantity of Gas in excess of the applicable Maximum Daily Delivery Obligation (MDDO), but shall not deliver in the aggregate at all Points of Delivery on any Day a Quantity of Gas in excess of the applicable MDQ.

3. This Agreement shall be effective on April 13, 2015 and shall continue for a term ending on and including March 31, 2016 ("Primary Term"). This Agreement may be terminated at any time by Pipeline in the event Customer fails to pay all or all of the amount of any bill for service hereunder and such failure continues for thirty (30) days after payment is due; provided, Pipeline gives thirty (30) days prior written notice to Customer of such termination and provided further such termination shall not be effective if, prior to the date of termination, Customer either pays such outstanding bill or furnishes a good and sufficient surety bond or other form of security reasonably acceptable to Pipeline guaranteeing payment to Pipeline of such outstanding bill. Any portions of this Agreement necessary to correct or cash-out imbalances under this Agreement as required by the General Terms and Conditions of Pipeline's Tariff shall survive the other parts of this Agreement until such time as such balancing has been accomplished.

If this Agreement qualifies as a "ROFR Agreement" as defined in the General Terms and Conditions of Pipeline's Tariff, the provision of a termination notice by either Customer or Pipeline, pursuant to the preceding paragraph, a notice of partial reduction in MDQ pursuant to Exhibit D or the expiration of this Agreement of its own terms triggers Customer's right of first refusal under Section 3.13 of the General Terms and Conditions of Pipeline's Gas Tariff.

4. Maximum rates, charges, and fees shall be applicable to service pursuant to this Agreement except during the specified term of a discounted rate or a Negotiated Rate to which Customer and Pipeline have agreed. Provisions governing such discounted rate shall be as specified in the Discount Confirmation to this Agreement. Provisions governing such Negotiated Rate and term shall be as specified on an appropriate Statement of Negotiated Rates filed, with the consent of Customer, as part of Pipeline's Tariff. It is further agreed that Pipeline may seek authorization from the Commission and/or other appropriate body at any time and from time to time to change any rates, charges or other provisions in the applicable Rate Schedule and General Terms and Conditions of Pipeline's Tariff, and Pipeline shall have the right to place such changes in effect in accordance with the Natural Gas Act. Notwithstanding the foregoing, Customer does not agree that Pipeline shall have the unilateral right without the consent of Customer subsequent to the execution of this Agreement and Pipeline shall not have the right during the effectiveness of this Agreement to make any filings pursuant to Section 4 of the Natural Gas Act to change the MDQ, the term of the agreement, the Point(s) of Receipt, the Point(s) of Delivery, or the firm character of the service hereunder. Nothing contained herein shall be construed to deny Customer any rights it may have under the Natural Gas Act, including the right to participate fully in rate or other proceedings by intervention or otherwise to contest such changes in whole or in part.
